

BRIEF DESCRIPTION OF RIGHTS AND BENEFITS
(Pursuant to NRS 616C.050)

Notice of Injury or Occupational Disease (Incident Report Form C-1): If an injury or occupational disease (OD) arises out of and in the course of employment, you must provide written notice to your employer as soon as practicable, but no later than 7 days after the accident or OD. Your employer shall maintain a sufficient supply of the required forms.

Employee's Claim for Compensation/Report of Initial Treatment (Form C-4): If medical treatment is sought, the Form C-4 is available at the place of initial treatment. A completed Form C-4 must be filed within 90 days after an accident or OD. The treating physician, chiropractic physician, physician assistant or advanced practice nurse must, within 3 working days after treatment, complete and mail to the employer, the employer's insurer and third-party administrator, the Claim for Compensation.

Medical Treatment: If you require medical treatment for your on-the-job injury or OD, you may be required to select a physician or chiropractic physician from a list provided by your workers' compensation insurer, if it has contracted with an Organization for Managed Care (MCO) or Preferred Provider Organization (PPO) or providers of health care. If your employer has not entered into a contract with an MCO or PPO, you may select a physician or chiropractic physician from the Panel of Physicians and Chiropractic Physicians. Any **medical costs** related to your industrial injury or OD will be paid by your insurer.

Temporary Total Disability (TTD): If your doctor has certified that you are unable to work for a period of at least 5 consecutive days, or 5 cumulative days in a 20-day period, or places restrictions on you that your employer does not accommodate, you may be entitled to TTD compensation.

Temporary Partial Disability (TPD): If the wage you receive upon reemployment is less than the compensation for TTD to which you are entitled, the insurer may be required to pay you TPD compensation to make up the difference. TPD can only be paid for a maximum of 24 months.

Permanent Partial Disability (PPD): When your medical condition is stable and there is an indication of a PPD as a result of your injury or OD, within 30 days, your insurer must arrange for an evaluation by a rating physician or chiropractic physician to determine the degree of your PPD. The amount of your PPD award depends on the date of injury, the results of the PPD evaluation, your age and wage.

Permanent Total Disability (PTD): If you are medically certified by a treating physician or chiropractic physician as permanently and totally disabled and have been granted a PTD status by your insurer, you are entitled to receive monthly benefits not to exceed 66 2/3% of your average monthly wage. The amount of your PTD payments is subject to reduction if you previously received a lump-sum PPD award.

Vocational Rehabilitation Services: You may be eligible for vocational rehabilitation services if you are unable to return to the job due to a permanent physical impairment or permanent restrictions as a result of your injury or occupational disease.

Transportation and Per Diem Reimbursement: You may be eligible for travel expenses and per diem associated with medical treatment.

Reopening: You may be able to reopen your claim if your condition worsens after claim closure.
